

Our partners, from North to South, Yamatogawa (Fukushima)

Above: The kura built in 1720

Left: Current "Tori" Itatsu Abe, from Echigo.

KURA HISTORY

Yamatogawa was founded in 1790 in Kitakata city in the Fukushima prefecture. Saké is produced using spring water from Mount Iide, and 100% organic rice. Yamatogawa use only the purest and most authentic methods and ingredients. They are seeking to establish links with environmentally conscious retailers to complete their organic supply chain.
